| Preface.....  | iv    |
| <b>I. HIV CTL Epitopes</b>  |       |
| How To Use This Section .....                                     | I-1   |
| HIV CTL Epitope Tables, Maps, and Alignments by Protein           |       |
| p17   |       |
| Table.....  | I-6   |
| Map .....   | I-8   |
| Variability Plot .....  | I-10  |
| Epitope Alignments.....   | I-11  |
| p24   |       |
| Table.....  | I-20  |
| Map .....   | I-24  |
| Variability Plot .....  | I-26  |
| Epitope Alignments.....   | I-27  |
| p15   |       |
| Table.....  | I-44  |
| Map .....   | I-45  |
| Variability Plot .....  | I-47  |
| Epitope Alignments.....   | I-48  |
| RT  |       |
| Table.....  | I-52  |
| Map .....   | I-55  |
| Variability Plot .....  | I-58  |
| Epitope Alignments.....   | I-59  |
| gp120   |       |
| Table.....  | I-66  |
| Map .....   | I-70  |
| Variability Plot .....  | I-72  |
| Epitope Alignments.....   | I-73  |
| gp41  |       |
| Table.....  | I-112 |
| Map .....   | I-115 |
| Variability Plot .....  | I-117 |
| Epitope Alignments.....   | I-118 |
| Nef   |       |
| Table.....  | I-142 |
| Map .....   | I-145 |
| Variability Plot .....  | I-147 |
| Epitope Alignments.....   | I-148 |
| Table of HIV CTL Epitopes Sorted by HLA Restricting Element ..... | I-158 |
| References .....  | I-168 |

## II. HIV Helper T-Cell Epitopes

|   |        |
|---|--------|
| How To Use This Section .....                                     | II-1   |
| HIV Helper T-Cell Epitope Tables, Maps, and Alignments by Protein |        |
| p17   |        |
| Table.....  | II-6   |
| Map .....   | II-7   |
| Variability Plot .....  | II-9   |
| Epitope Alignments .....  | II-10  |
| p24   |        |
| Table.....  | II-16  |
| Map .....   | II-17  |
| Variability Plot .....  | II-19  |
| Epitope Alignments .....  | II-20  |
| p15   |        |
| Table.....  | II-32  |
| Map .....   | II-33  |
| Variability Plot .....  | II-35  |
| Epitope Alignments .....  | II-36  |
| RT  |        |
| Table.....  | II-44  |
| Map .....   | II-45  |
| Variability Plot .....  | II-47  |
| Epitope Alignments .....  | II-48  |
| VPR   |        |
| Table.....  | II-56  |
| Map .....   | II-57  |
| Variability Plot .....  | II-59  |
| Epitope Alignments .....  | II-60  |
| gp120   |        |
| Table.....  | II-62  |
| Map .....   | II-67  |
| Variability Plot .....  | II-69  |
| Epitope Alignments .....  | II-70  |
| gp41  |        |
| Table.....  | II-178 |
| Map .....   | II-181 |
| Variability Plot .....  | II-183 |
| Epitope Alignments .....  | II-184 |
| Nef   |        |
| Table.....  | II-228 |
| Map .....   | II-229 |
| Variability Plot .....  | II-231 |
| Epitope Alignments .....  | II-232 |
| References .....  | II-234 |

## III. HIV Linear Monoclonal Antibodies

|  |        |
|--|--------|
| How to use this section .....          | III-1  |
| HIV Antibody-Peptide Reactivity Tables |        |
| p17.....                               | III-3  |
| p24.....                               | III-5  |
| p15.....                               | III-12 |
| Protease .....                         | III-13 |

|                  |        |
|------------------|--------|
| RT.....          | III-14 |
| gp120.....       | III-16 |
| gp41.....        | III-53 |
| Nef.....         | III-60 |
| References ..... | III-62 |

## IV. Reviews on Selected Topics: T-Cell Immunity

|   |       |
|---|-------|
| The HLA-class I Restricted CTL Response in HIV-1 Infection:<br>Identification of Optimal Epitopes ..... | IV-1  |
| <i>Christian Brander and Bruce D. Walker</i>  |       |
| Analysis of HLA Frequencies in Population Cohorts for Design of<br>HLA-Based HIV Vaccines .....         | IV-10 |
| <i>Frances E. Ward, Shiangtai Tuan, and Barton F. Haynes</i>  |       |
| Prediction of T-Cell Epitopes for HIV Vaccine Development by<br>Computer-Driven Algorithm .....         | IV-17 |
| <i>Anne S. DeGroot, Bill M. Jesdale, Gabriel E. Meister, Neal I. Muni, and Caroline G. P. Roberts</i>   |       |
